Contracting and Acquisition Career Program 14

I am pleased to announce Competitive Professional Development (CPD) executive training opportunities for the Contracting and Acquisition Career Program (CP-14) for Fiscal Year 2002. The CPD training program is our primary tool to educate the Army contracting workforce in the latest business analysis and management techniques. With our role in contracting expanding to encompass that of contracting business manager and principal advisor to local commanders in the business aspects of acquisition, we must ensure that our workforce is equipped with the knowledge-based tools necessary to fulfill this responsibility. A list of recommended executive programs, as well as more focused executive training, is enclosed.

The target audience for this training is CP-14 professionals who have completed their Level 3 certification, are GS-12 or above, and could benefit from advanced professional training in business related subjects. Funds for executive education are limited and selection will be made competitively.

All applicants are required to submit a DD Form 1556. Applications for executive programs longer than 4 weeks must include a utilization plan (http://lcpol.army.millgeorgelactedslcataloglpop_form2.cgi) that also addresses return on investment.
